Soon we were all a happy family there but never met any body else that was always happy and huggable as Nancy. That is how I will always remember her. I will always love you and miss you.

“ My name is Clayton La'ulu, and I'm an LPN (Likable Polynesian Nurse) at Copper Ridge Health Care in West Jordan. I was fortunate enough to take care of Nancy while she was here on Haven, a secure unit for Alzheimers and Dementia. I absolutely loved Nancy and the hugs that she would give me. I would play the piano and sing to her on a daily basis and she would sit and try and sing with me. She was such a beautiful woman and soul. I am grateful to have had the chance to take care of her and to get to know her history. I was sad when she left me, but was fortunate enough to stay in contact with a family friend. I send my condolences to the family and friends of Nancy.
