“ Nancy has always been a dear friend of mine. We go back to the days of playing with Ginny dolls. When we were older we had fun shopping in Steiger, buying matching coats. We thought we were so grown up! Even through times apart we always had our friendship. And when we talked, we always had plenty to chat about. I will always miss my dear friend.

“ Tom, Beth, Megan, Matt and Carol:  
My heartfelt sympathies on the loss of Nancy, my childhood friend. Her family and mine were neighbors in Blandford. I have fond memories of playing Ginny dolls, paper dolls , skating on their little pond and playing in her playhouse. Nancy always had a book in her hand or a crochet hook:) she was a wonderful friend and I will miss her! God has welcomed another angel:)

Love to you all
