

Robert Williams Johnson

July 24, 1933 - March 21, 2020

It is with great sadness we share with you that Robert (BUD) Williams Johnson, our most favorite guy, left this earth 3/21/2020. He fought a courageous battle with Alzheimer's for the past few years and we are finding peace and comfort in knowing he is out of pain and whole again. He passed peacefully with his daughter, Jody by his side. Jody, along with his two grandchildren, Mandy and Scott were with him all day Friday and shared so many great stories and memories, played music for him and just loved on him all day.

Our Pa was just the very best man out there. The kindest, most gentle, patient, generous, hard working person you could ever know. He taught us all so many of these qualities about life and we are so grateful and proud that we learned so much from his example. He was the best husband, dad and grandpa and we know he would have just adored all of his great grand babies had he been able to know them.

Bud is survived by his wife Mary Lou Johnson, one son Robert Johnson-Blount of AR. Daughter Jody Ann Johnson of UT. Many nieces and nephews as well as many grandchildren and great grandchildren. No services will be held, however we ask In lieu of flowers or gifts of any kind, please consider making a donation to the Alzheimer's Association.
