“ I had the pleasure of working with Robin for the past few years. He was so professional and a joy to work with. It didn't take working with Rob for long before you became friends. I will truly miss him and his sense of humor. My thoughts and prayers are with you Ireleen and your family.

“ I loved this man so many years of memories and laughs. His voice will always be in my head telling me you have to have clean tires. Going to miss our debates you would have thought we were brother and sister. Guess we kind of were in many ways. He was such a good resource for cars and music and many other topics. Love you forever Rob RIP.

“ Rob was our 4th member to join Challengers Unlimited and he was a firecracker from the get-go. I always got so happy when he would come to an event. Squirt and Rob will always be my family and I'm truly honored to have known this man. Rob and Squirt I love you both dearly and I'm always here if you need anything Squirt.

*I can't believe he is gone. He was a child when I met him. He was a loveable brat. He grew up to be a special, sincere, articulate friend. His humor and intelligence were amazing. Our conversations were always enjoyable. I will miss you Robin. You and Harvey can race around heaven in your very fast cars. They might even have wings. I hope so!*
