Ryan Kimo Sonognini

1985 - 2020

Ryan Kimo Sonognini, born May 29, 1985; passed away, May 24, 2020.

Ryan grew up in West Haven, UT and later resided in Farr West, UT with his wife Michelle and two boys Caleb and Hyrum.

He passed away on Sunday, May 24 surrounded by his loving family after fighting terminal cancer for 10 months.

Ryan, most known for his kind, loving, patient, and generous heart, was loved by everyone that knew him. He had a strong testimony of the gospel and was a member of the Church of Jesus Christ of Latter- Day Saints. He was the soft-spoken sibling of his 4 brothers and 2 sisters. Ohana was everything to him.

During his early childhood years, you could find him outside riding his bike, jumping on the trampoline, or playing night games with his siblings, cousins, and neighbors. He loved playing football, basketball, baseball, and excelled at golf. His favorite thing to do was go camping and to the lake with family.

In September '09 he met the love of his life and knew immediately he wanted to marry her. On February 13, 2010, Ryan and Michelle were sealed in the Logan temple for all eternity. They have two sons together and they are his world. Ryan worked on many projects. He would build and construct and Caleb always right by his side to help him.

He had a love for music and played the piano, guitar, and ukulele. He and Michelle would play their music together and bring light to everyone that heard them.

Ryan was known for cooking up his dad's secret recipes for the Sonognini annual 4th of July party. He spent days preparing and always made sure everyone else was enjoying themselves.

He had a love for teaching and a strong belief kids learn at their own pace. His philosophy

was simply to help his students get to the next level. A problem solver at heart. Whether it was a Math problem or personal problems, he was going to help you find a solution. He has a master's degree in mathematics and taught Math at many different schools and universities.

He will be loved and missed by all that knew him. Our lives are better because he was a part of them. A Hui Hou Kakou Ryan.

Ryan is survived by his parents Mike & Susan Sonognini; his wife Michelle and sons Caleb(7) and Hyrum(5); siblings Mike (Jenn), Shane (Kim), Kami (Dustin), Jeff (Alise), Chris, and Stef (Tyler); grandparents (Sonognini), cousins, aunties, uncles, and nieces & nephews, who will forever look up to his example.

Preceded in death by his grandparents (Egginton) and nephew Jarek.

“ Ryan, you will be missed. I loved your family. You guys are the greatest! The obituary was a bit of an underwrite of you as a person. You are all that and much more. I've heard multiple people tell me of the impact you had on them as a teacher, as a friend.

We very much enjoyed the association with you guys, your boys etc. That association has been missed and will miss you even more with this passing. We have always admired your family and loved all of you guys.

May your spirit be at rest. May your family find peace. And may you continue to do the great things that you are so known for in service to others.

My friend and brother, we'll surely miss you.

“ Ryan, you will be missed!! I have so many fond memories with the Sonognini family. Ryan has always been the kindest person I know. If it weren't for him hooking me up with a great tutoring deal while I was finishing college, I would probably still be stuck up there in Math 1010. What a great role model, teacher, coach, and family man. I am so very sorry for this loss.

“ I am a former student of Ryan's at Weber State. I have always struggled with math and had to retake it numerous times. The last class I had was taught by Ryan. I have never had a professor so dedicated to helping their students learn, grow and achieve their goals. He went the extra mile to help me pass, and I did! To this day I truly appreciate the time and education that he offered to me. Without Ryan I would not be graduating this semester and getting to fulfill lifelong goals.

I am so sad this world has lost an educator and example like Ryan and send my condolences to his family.

“ I first met Ryan as one of his football coaches. Not so long ago he sent a letter to me telling me that something I'd said to him on the football field had actually saved his life during his darkest hours. I was stunned! I know that Ryan gave this life everything he had, left nothing on the table. I loved him as though he were my own son. To say that I am deeply saddened is definitely an understatement. I will miss him always.

“ The education community just lost a good one, a real thinker. He had such passion for teaching and for his students. I miss the discussions Ryan and I would have on the topic of education and learning.
