

Tammie Marie Sucece

December 21, 1970 - February 6, 2021

Tammie Marie Kramer Sucece born December 21, 1970 to Craig Melvin Kramer and Linda Joy Piep (Hansen). Was welcomed home following her passing due to natural causes, into the loving arms of her parents on February 6 2021. She is Survived by her spouse Timothy Sucece and children Michael Berry Brown Jr and Jessica Nicole Linda Graham-Kramer, and companion Rocky (service dog). Siblings ReNae (Christopher) Piltz, Michael Kramer, Cheryl Kramer-White, 14 nieces and nephews, 5 great nieces and nephews and her fur babies

Tammie was born mostly Deaf as a result of an illness her mother contracted while pregnant. Tammie attended the school for the deaf and blind for many years, but refused to learn to sign until she was an adult. Tammie preferred to read lips, and did an amazing job.

She loved sports and started playing Basketball at Park High School in Montana, and lettered on the JV team her freshman year. After returning to Utah, she attended the School for the Deaf and Blind at Skyline High School, where she also lettered as a Varsity Basketball Player. Tammie stood an astounding 6' 1" tall, dwarfing her siblings.

Tammie was always a tomboy and would play C.H.I.P.S. with her little brother Mike and she would make her Tarzan Yell and a Siren call. People would literally pull over thinking a fire truck was coming down the street and looking around it was so real, we would all be laughing and pointing at Tammie. She took after our Dad with a love for fishing and camping and she would pack up her car and son Mikey and would disappear for a weekend of fishing in the Mountains and come home with a freezer full of fish for Dad. Later in her life she worked as a security guard for Peak Alarm, and tried Pizza Delivery just to try to see if she could do it, although on disability. She did it until she chose to stay home and take care of her children while they lived with her. Tammie soon was solely on disability due to her hearing impairment, and health complications but made countless friends who she greatly impacted.

“ Tammy the one thing you always did when Aunt Linda wod ge.t mad at you is you would barricade yourself in your room and turn your hearing aides off. That use to be the coolest thing. I remember we were flying to figure out how I could loos.e my hearing and get hearing aides so I could shut them off to. You were a champ. I've you and will miss you dearly. I just wish we could have spent more time together as adults. Gi e my mom big hugs and kisses from us all. Tell her we've her and think of her everyday. As we will so to celebrate your life as well.
