

Teresa Lynn Worley

September 18, 1955 - November 2, 2020

Teresa was sunshine and smiles. She loved her husband her pets her friends and her flowers. Her favorite days were spent touring the country on the back of a motorcycle taking pictures and meeting new friends along the way. She spent many days working in her flower beds planting and grooming them so she could watch them grow and enjoy all the beautiful colors. After running her own business for many years her final job was working at Mountain America and America First Credit Unions. She greeted everyone with a smile and took great pleasure in making a bright spot in everyone's day and making her coworkers laugh.

Her passing was due to complications from heart failure. She leaves behind her husband and best friend of 34 years Terry Worley, her sister Karen Thrailkill and her brother Jim Preston as well as her nieces, nephews and many friends.

Due to gathering restrictions the celebration of her life will be held this spring. Terry and Teri will take their last ride together to the Bear Tooth Hwy. in Montana where her ashes will be scattered.

Comments

“ Terry and family you all have my prayers and condolences.
I knew Teresa for a short time in Salt Lake City, she was a ray of sunshine!
Hugs and love you all <3 Rose Ann Deighan
