

# Tony Tomsich

January 24, 1981 - May 10, 2018

Tony Tomsich would like everyone to know that his work on this earth is done. He received his call May 10th 2018 for an appointment of which he will be guiding the rest of us through the remainder of our time here on earth. This assignment also comes with a huge sign-on bonus, a reunion with family and friends he has not seen in a long time. Although his greatest happiness will come when he is reunited with his son for the eternities, his new mission has taken him to a wonderful place where he will work on his eternal progression, and just as he always has, he will be guiding and helping his family and sticking up for the underdog.

Freedom from earthly trials, happiness, peace and love are guaranteed here, and because of his great love and gratitude for food, he can eat all the delicious food there and never gain a pound. Because of his love of animals, he'll take in all the dogs he "finds" and give them a good home.

Side by side Tony and Michael will be in the most beautiful mountains working on the family lodge. It's going to be an amazing hunt.

Tony will be lovingly remembered by his son Morgan, Parents Shaun and Ima Jean, Siblings Nicole (Dave) Stoke, Joe (Julie), Jacob (Stacy). Tony will also be forever remembered and missed by his nieces and nephews and extended family and dear friends.

A Funeral Service will be held on Tuesday May 15th at 10:00 am at the LDS chapel on 12852 S. 3200 W. Riverton Utah.

Graveside Services and tribute will be held at Orangeville Cemetery Tuesday May 15th at 3:00 pm.

“ The reality of one of my first friends passing away is still surreal. I've known Tony since preschool and I have a lot of great memories. My favorite memory of Tony was his witty sarcasm that always made me laugh. I haven't seen Tony in several years but we have always been friends that could pick right back up after our disagreements. We spent a lot of time together over the years and he will be missed My prayers go to the Tomsich family for the loss I cannot begin to understand. I've always loved Tomsich family.

“ I remember Tony coming to our house in Ferron to give our puppies their first shots. Then he grew up and moved on. Happy to have known him and his family for a brief time. My best to you Sean and Ima Jean.

“ I met Tony and Joe in the summer of 2001 in Silvergate/Cooke City, MT. We became instant friends. I think I hung out with the Tomsich boys every day that summer. Some of my fondest memories of one of my favorite places on Earth include anxiously waiting for the boys to get off work, hanging out in the caboose where they lived and driving around the mountains in Tony's Toyota looking for critters. Of all the people who have come and gone throughout my life, Tony was one of my favorites. ❤️💔😭

“ Tony, Tony, you have been one of my favorite Nephew's, Bob and I loved it when You and Joe lived with us for a while, Tony would lose the house key, and crawl through the doggie door to get back in. Always a beautiful smile, and such good looking boys, so kind, considerate, You will be missed, take care of your little Brother!!  
Imogene and Shaun, hope God gives you the strength to get through this, it will take a lot, everything happens for a reason, wish I knew why, he is in God's hands now, on a new journey. Love you guys, my prayers have been with you all week,

“ Flooding out groundhogs and shooting them with bows, my first bow hunt in the jungle, learning how to install a sound system, cleaning carburetors on a two stroke engine, getting the Stewart's lady to sell us fresh donuts at day old prices, teaching me how to drive a manual transmission, camping out in Cole Wash, lighting a fire in the cliffs, hours and hours and hours “cruising” on the mountain scoping for deer, hunting Skyline with our bows and shooting at bucks that were 200 yards away on the last day like Robin Hood, making me smoke an entire cigarette so it made me sick and i wouldn't do it again. Protecting me from peer pressure when kids tried to get me to smoke weed. Getting into fist fights in Carbon, i could write a book. I love you brother. I'm going to miss you so much.

“ I met Tony when we were in 7th grade. I remember when we became good friends. We were talking on the phone one day. He told me about his younger brother and I said that I had a little sister that was the same age. I jokingly said, "wouldn't it be funny if they grew up and got married one day." 12 years later my little sister Stacy and his younger brother Jake got married. Tony was a great friend and he will be missed.
