“ This news makes me so sad. Wendy was my daughter Kate's first grade teacher. She was so friendly and fun! She had a way of making the kids feel special and loved! She went the extra mile and it was a pleasure for me to help her assemble reading flash cards and assist with PTA projects. She was an amazing woman! Please accept our deepest condolences.

“ Wendy was always so gentle and kind. I enjoyed being around her and feeling her peaceful spirit. She was easy to talk to and treated me as if I was important to her. She was a loving mother to her beautiful children and adored her hubby, Chris. I remember her telling me that her cancer had returned. We sat in the pew at church and cried together. She had hope though and didn't seem angry or afraid. What a stalwart, gentle soul. Love you Wendy!
