“ Sorry to hear about Billy. We spent many times together while attending Provo schools . In the past decade we reunited at our semi annual pheasant hunting trips. We discussed many good stories about the past and current times. I am really going to miss Billy.

“ Bill has been a close, dear friend since we were young. Over the years he would call me often. We would be on the phone until we couldn't laugh any longer. We would always rehearse the story of our summer trip to Jackson Hole while in high school. I will miss you good friend. See you on the other side!! Tom Heal
